NAIBOR KENYA

This tented camp is hidden in a grove on the banks of the Talek River (with its resident hippos) in the famous Masai Mara Game Reserve. We're not talking Glasto-style camping, but spacious canvas rooms each with a shady veranda, en-suite bathroom and king-sized bed scattered with cushions – very stylish. Dine at a romantic private table for two overlooking the river where animals come to cool down, or pull up a chair at the banquet table to share safari experiences with other guests. Book your honeymoon from July to November and catch the awesome annual wildebeest migration. *Seven nights at Naibor on a full-board basis, including internal flights, from £2082pp, Imagine Africa (imagineafrica.co.uk).*
